KNAPHEIDE FUEL AND LUBE TRUCKS

FUEL AND LUBE TRUCKS

Keeping all of your heavy equipment up and running under today's demanding deadlines just got easier with the standard features built into Knapheide Fuel & Lube Trucks.

Available in multiple configurations, our fuel & lube trucks are constructed of a rugged steel shell that is corrosion-resistant for durability you can count on.

Choose from a variety of options to customize your truck to best meet the needs of your jobsite.

ELLIPSE STYLE FUEL TANK

1,000 gallon ellipse style fuel tank with 3/16" steel wall construction with flat panel in center for displaying company graphics (KFLT1 model; KFLT2 model has 2,000 gallon tank). Emergency shutoff, rollover protection system and two lift hooks located on top of the tank.

POPULAR VOCATIONS

OIL/MINING/GAS

A. RUGGED GALVANNEAL STEEL BODY CONSTRUCTION

for durability and corrosion resistance

B. MODULAR PLATFORM DESIGN

allows for flexibility in product tank layout

C. LED S/T/T, B/U LIGHTS AND REFLECTORS

are in accordance with FMVSS 108 regulations

D. (4) ADJUSTABLE WORK LIGHTS

for improved visibility in low light conditions and LED compartment lights

E. ALUMINUM ROLL-UP REAR DOORS

for convenient access to all tank reels and control panel

F. UNDERBODY STORAGE COMPARTMENTS ON EACH SIDE OF THE BODY

Compartment doors include double-spring over-center retainers for elimination of involuntary swing, and automotive-quality, rotary-style latches for easy opening and closing

G. PRODUCT TANKS

mounted to an innovative platform side rail using isolators, which isolates twisting and vibration to eliminate tank stresses

H. PRODUCT TANKS CONSTRUCTED OF 3/16" STEEL

with vented fill cap and replaceable sight gauges

I. ELECTRODEPOSITION PRIME-PAINT SYSTEM

provides superior corrosion resistance

**Body shown with optional equipment.*

FEATURES NOT SHOWN

HYDRAULIC AIR COMPRESSOR

with FLR system

20 LB. FIRE EXTINGUISHER

located in reel compartment for operator safety

REEL CABINET

features electric rewind for fuel and spring rewind hose reels for all other products

120 LB. GREASE DRUM

with 50:1 air-operated shovel pump and high pressure grease reel (located on street side)

HEATERS

COMMITMENT TO **CORROSION RESISTANCE**

Corrosion won't be a concern when you buy quality Knapheide products. To give you the best corrosion protection, we utilize a state-of-the-art, custom-designed, 12-step, SST cathodic electrodeposition finishing system, called "E-Coat."

It bonds prime paint to steel by an electroplating process to give you a superior coat of primer, resulting in better corrosion protection compared to spraying methods.

This system allows us to create products with the highest level of corrosion resistance available.

NEVER SETTLE

If you are going to be a leader, it takes more than building a high-quality product. It means never being totally satisfied with that product, no matter how high quality it may be. It requires constant vigilance and a willingness to take a chance on something new. And it means exceeding expectations every time. As the industry changes, one thing never will—our commitment to making customers like you as productive and efficient as possible. We know you don't settle, and we don't either. That's why we want you never to settle for anything less than Knapheide on the back of your truck.

KNAPHEIDE. NEVER SETTLE.
